ACKNOWLEDGMENTS

This manual was prepared with the help of many people.

Special thanks are given to the American Hospital Association, American Health Information Management Association, and California Health Information Association for their written approval to allow us to cite examples and statements from their publications: *Coding Clinic for ICD-9-CM*, *ICD-9-CM Coding Handbook With Answers*, *Journal of AHIMA*, *CHIA Coding Modules I and II*, and *Journal of CHIA*.

A final word of thanks must be given to the many other participants who have not received formal recognition, but who provided critiques and suggestions that were helpful in the preparation of the *ICD-9-CM Coding Edit Manual*.
